HOW IT WORKS

Once you have an idea,
Here is how I will bring it to life!

1. Ask: Do I want to frame it?
2. Pick a size
3. Choose reference photos
4. Email your order
5. Receive your painting + pay

FRAMING

Though I do not provide framing services, here is what I would recommend:

- canvas paintings require box frames (usually higher in price)
- mixed media paper paintings & drawings allow regular photo frames

"Wynne was absolutely delightful to deal with. She is professional, talented and the turn around time is very quick. I would recommend Wynne to anyone interested in commissioning a piece of artwork. This is the second portrait I have commissioned and this is beautifully executed as was the first piece. I truly can't say enough about what Wynne creates."
